

## Spanish, Surf, Yoga, Scuba and Poi in Paradise

La Escuela Del Sol is an adventure for adults who want to learn Spanish, fire dancing, surfing, obtain scuba certification or practice yoga in a tropical paradise. At our school, in Montezuma, Costa Rica, you can take a combination of almost any of our courses from 1 to 4 weeks. We even offer College Credit for our Spanish curriculum!

Being in one of the adventure capitals of Costa Rica, you'll be able to explore and enjoy the surrounding areas with exhilarating local excursions. If you take a three or four week program, we encourage you to take your third Friday off for extended travel. Check out our local excursions page to read further about zip-lining, ATV tours and horseback riding to private waterfalls among other adventures. All tour operators recommended by us meet a high standard of professionalism, safety and all out fun.

As for our location (Directions and Transportation Info)...we're right across the street from the ocean and just minutes walk from a breathtakingly beautiful beach. On one side of our hotel, we graze the Montezuma river, which leads to three separate waterfalls. On the other side, we're nestled by the tropical rain forest. Many times, you'll walk out of your room to see monkeys swinging from the trees and multi-colored birds you've never imagined.

Check out our site and come join us in Paradise!!
