

College Credit

College credit is currently provided through our host school in the United States. Not all schools will accept credit from this program, so it is imperative that students seek approval from their home school PRIOR to enrollment. This usually involves a "petition" form from your study abroad office, registrar's office or a general advisement center. Please contact a representative of La Escuela Del Sol at info@laescueladelsol.com for more detailed information regarding this process.

Cost of Courses:

5 quarter credits (3 semester credits): \$375.00

10 quarter credits (6 semester credits): \$750.00

5 credits can be obtained through our 4 week session.

10 credits can be obtained through 2 consecutive 4 week sessions.

**Program fees for credit are in addition to regular program fees for La Escuela Del Sol and are to be handled separately between the student and our host school in the US.
